SUMMARY

Dynamic and detail-oriented Computer Science graduate with experience as an Assistant Cultural Secretary and a Web Development Intern. Proficient in a broad range of programming languages including Python, Java, C/C++, JavaScript, and frameworks such as React. I possess strong skills in web development using HTML and CSS, with a knack for creating responsive and user-friendly applications. Adept at collaborating in team environments and committed to continuous learning, I am eager to leverage my technical expertise and creative problem-solving abilities in a challenging role.

OBJECTIVE

Enthusiastic and detail-oriented web developer with a strong foundation in front-end and back-end technologies. Seeking to leverage my skills in building responsive, user-friendly websites and applications to enhance user experience and drive business growth within a dynamic team environment.

PROFESSIONAL EXPERIENCE

ASSISTANT CULTURAL SECRETARY	Literary and Arts Club, National Institute of Technology Nagaland	August 2024 - August 2025
Supported cultural initiatives by coordinating events and programs, managing logistics, and fostering community engagement. Assisted in budget planning, marketing efforts, and partnership development to enhance cultural awareness. Collaborated with stakeholders and provided administrative support to ensure successful project execution.		
WEB DEVELOPMENT INTERN	CodeSA, Online	March 2025 - April 2025
Assisted in the design, development, and maintenance of websites, collaborating with the development team to implement features and troubleshoot issues. Engaged in coding with HTML, CSS, and JavaScript, conducted testing and debugging, and contributed to team meetings for project updates and brainstorming innovative solutions.		

EDUCATION

BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE AND ENGINEERING	National Institute of Technology Nagaland , Dimapur, Nagaland	August 2023 - present
Acquired a strong foundation in computer science principles, algorithms, and software development through hands-on projects and collaborative learning. Engaged in programming languages, data structures, and network systems, enhancing problem-solving skills and fostering teamwork in diverse technical environments.		

PROJECTS

VISHWAGURU WEBSITE	The astrological site for predictions	March 2025 - present
